PET MULTI-VITAMIN, MINERAL & AMINO SUPPLEMENT

Only the finest 'human grade' ingredients sourced from natural resources are used in this pet product

This complete Multi-vitamin and mineral supplement has been specifically formulated that together with an over the counter pet food, will meet all your pets daily natural nutritional needs.

Complete vitamin and mineral supplementation for dogs & cats will optimize:

- ✓ Improved skin and coat condition
- ✓ Rapid recovery from injury and illness
- ✓ Less susceptibility to orthopaedic problems
- ✓ Enhanced general well being
- ✓ Formation of healthy bone & growth in young animals
- ✓ Maximising the performance & condition of working animals

DOSAGE:

- Toy dogs & cats – (9kg and under) – ½ teaspoon per day
- Small dogs – (10kg to 19kg) – 1 teaspoon per day
- Medium dogs – (20kg to 39kg) – ½ Tablespoon per day
- Large dogs – (40kg to 59kg) – 1 Tablespoon per day
- Giant dogs - (60kg and over) – 1 ½ Tablespoons per day

Sprinkle the recommended dosage of supplement directly onto their COLD/ WARM food and mix. Alternatively spoon required amount into a small amount of warm water and mix well. The owner's eye is what judges the pets condition and improvements should become apparent within 10 days.
